SENATOR CLARK: The amendment is merely computation only, Senator Warner.

CLERK: Strike "525,823" and insert "525,824". The second one is then on page 5, line 3, strike "\$1,124,640" ... page 5, line 3.

SENATOR CLARK: All it does is add \$1. It was a computation of money.

CLERK: Strike "640" and insert "641".

SENATOR CLARK: Typical computer. I'd move for the adoption of the amendment.

PRESIDENT: Any further discussion? The question is the adoption of Senator Clark's amendment. Is this a Committee amendment or yours, Senator Clark?

CLERK: Senator Marvel's amendment.

PRESIDENT: Or Senator Marvel's amendment. Record your vote. Record.

CLERK: 25 ayes, 0 nays.

PRESIDENT: The amendment is adopted. Senator Clark.

SENATOR CLARK: I'd move the bill to E & R as amended.

PRESIDENT: Alright. Discussion of the motion. The question is the advancement of the bill. Record your vote. Please vote. Record.

CLERK: 25 ayes, 0 nays.

PRESIDENT: The bill is advanced. LB 676.

CLERK: Read title to LB 676. There are no committee amendments or other amendments.

PRESIDENT: Senator Clark.

SENATOR CLARK: This particular amendment ... bill is a deficiency appropriation and the kind that I like. This one only occurred because of the 3 percent cut last time in the educational lands and funds. It appropriates \$38,750 out of their funds. What this does is to allow them to advertise all of the leases that they will have this year. This will make about \$180,000 for the educational lands and funds fund, without it they could not advertise the leases. If they could not advertise the leases they could not, under any condition, lease the grounds.

So it's very, very essential that we get this particular deficiency appropriation through. They are in the process of advertising these leases now and they do need the money. I would ask that the bill be advanced to E & R. This money will all be paid back to the General Fund, as all money is, from the educational lands and funds. I'd ask for the advancement to E & R please.
